Wednesday, September 24, 2025

Hours of flushing will be

9:00PM to 3AM

Monday thru Wednesday.

If you have any questions or concerns, please call Rising Sun Town Hall
at (410) 658-5353

WHY ARE WATER MAINS FLUSHED?

Water main flushing is generally completed twice a year to test the hydrants for efficient water flow and pressure. Water main flushing also allows the Town to remove any sediment from the water lines.

WHAT CAN I EXPECT DURING THIS PERIOD?

During water main flushing, residents may experience temporary changes in water pressure or clarity.

Do NOT wash white or light-colored laundry during the flushing operations.

Wash a load of dark colored clothes first. If your laundry becomes stained, do not dry it. Wash it again with clean water and detergent, using a rust removing agent.

If water is discolored, run cold & hot water faucets until water is clear.

Check faucet screens for trapped particles.
