St. Patrick's Day Facts

1. The Real St. Patrick Was Born in Britain in either Scotland or Wales, not Ireland. His real name is Maewyn Succat.
2. St. Patrick was never canonized (officially declared a saint) by the Catholic Church because he lived in the 4th century, before the church began canonizing saints.
3. Leprechauns are mythical creatures that are part of the Irish folklore. Legend says they are shoemakers who hide gold coins in pots at the end of rainbows.
4. Four-leaf clovers are rare and are considered lucky.
5. Irish-Americans introduced corned beef to the holiday, and cabbage was a cheap vegetable available to Irish immigrants.
6. The holiday is also known as St. Paddy's Day because the Irish name for Patrick is Padraig.
7. Ireland's first St. Patrick's Day parade was held in Waterford in 1903.
8. The fountain in front of the White House is sometimes dyed green, and the streets of downtown Rolla, Missouri are painted green.
